A NOTE ON CUSTOM COLORS:

Elmira Stove Works exclusively uses DuPont Imron Elite finishes on all custom-colored Northstar products. Imron Elite is one of the most durable automotive finishes available today. If you are choosing a custom color, we ask that you locate your nearest DuPont "jobber" (the companies that supply DuPont paints to auto body shops - your local auto body shop can refer you to a jobber). You will be able to review stock colors in their catalog, or get creative and mix colors to suit your taste... from mild to wild! The possibilities are almost endless.

Once you have chosen your color, pass the color code on to your Northstar dealer when placing your order - we'll do the rest.

SAVE \$200 WHEN YOU BUY TWO APPLIANCES IN CUSTOM COLORS:

When you order a refrigerator and matching range in a custom color, you pay only a \$100 up-charge (regular \$300) for the custom color on the range.
