

### ELMIRA'S RETRO-CHIC NORTHSTAR LINE INCLUDES A VERSATILE MICROWAVE

**ELMIRA, Canada (April 2010)** – Elmira Stove Works expands its popular Northstar appliance collection with the multipurpose Northstar Microwave, Model 1953. This retro-stylish microwave oven combination features both convection and grill. With 1,000 watts of power and loaded with a complement of features, the Northstar microwave is the perfect addition to any retro, contemporary or modern kitchen.

“We are excited to feature the Northstar Microwave as a potential add-on to our strong standing line of Northstar appliances,” said Brian Hendrick, vice president of Elmira Stove Works. “With its versatility, features and style, the Northstar Microwave completes any kitchen or entertainment area.”

Designed with convenience in mind, the 1.2 cubic feet Northstar Microwave is a microwave oven, an efficient convection oven and can also be used as a handy grill; ideal for the kitchen, bar, boathouse... anywhere you want tasty snacks in a flash (or flashback!).

The Northstar Microwave is available in stainless steel or one of Elmira's stylish nine color choices with custom painting available. Additional features include an instant-on popcorn button, instant-on convenience cooking controls and child lock out safety features.
